

HAVILAND, KANSAS

Well, here I come again. We got a good rain at last, and the farmers are wearing a smile on their faces as long as your arm.

We had a small frost the 14th, but it is as hot as blazes now. Every body is sowing wheat this week.

Howard DeHaven and daughter, Zelma, attended the State fair at Hutchinson the first of the week. They report a nice time.

Grandma Akers returned home Saturday after spending four weeks in Gentry, Mo., with her sister and other relatives.

Benton Williams and wife and the writer spent Sunday at F. G. Mitchell's. We had a nice time eating watermelons.

Miss Ermine Jones and Sam Judd will leave for Oklahoma Sunday. Sam says he wants to see his little Indian maid. I don't blame him, either.

Wonder what has become of Benton Allison.

Say, mules are high here. John Hunter purchased a pair from G. S. Hitchcock last week for \$400.

Hello, Bertha Sutton, your time to write now.

I was glad to hear about the farmers having such a nice at the new Grove schoolhouse.

Come on, you Baxter, Route 2, and Cookeville Route 9 writers, with your letters. I suppose weddings happen back there now?

Everybody subscribe for our dear little paper. It's a letter from home each week, and just think, five years for one dollar. Better hurry up or you'll be too late. Find enclosed check and send it to Benton Williams, F. G. Mitchell and the writer five years each. All on Haviland, Route 1. WADE DUNAVIN

ENSLEY, ALA.

I enjoy reading the good letters from people whom I know in Putnam county and elsewhere. Say, Aunt Mollie, you seem to be some politician but at this stage of the game I am afraid you will lose, being on the wrong side like you are. I see no chance for you to win, for peace, prosperity and the eight hours for the workingman makes it impossible for the Judge. This is enough on this subject.

Health is good here and times are good.

Hello, you Sand Spring people. Why don't you write to the Herald? I like to read your letters. Hope to hear from everybody next week. S. A. FORD.

NOTICE

On the night of September 8th Congress removed all stamp taxes on deeds, notes, etc., therefore any of these instruments dated Sept. 9, 1916 will not have to be stamped. All instruments dated on or before Sept. 8 must be stamped the same as if law had not been repealed. Remember that all deeds executed since Dec. 1, 1914, up to Sept. 9, 1916, requires the government stamp. Get all deeds between these dates in at once, and have them recorded as these tax stamps will be taken up by the government soon, then there will be no stamps to get. I am, respectfully, S. S. STANTON, Register.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

SYMPTOMS

Slight Symptoms Sometimes Precage Serious Results.

Do you feel tired, have you a pale complexion, constipation, headache, bad breath, sleeplessness, or circles around your eyes? If so, you are undoubtedly suffering from some liver complaint.

Perhaps you don't feel very badly now, but delay is dangerous. To allow your liver to continue out of order, is to invite a serious chronic illness.

Whenever you have the slightest symptoms of liver trouble, stop it immediately. You can do it harmlessly and mildly by taking LIV VER LAX, the natural vegetable compound that is replacing calomel everywhere. It has all the effectiveness, not the effect of calomel. Insist on getting the original LIV VER LAX, bearing the likeness and signature of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by Wylie Drug Co.

HOT STUFF

"Good Sunday yarn, this," declared the exchange reader. "Parson doubts that Jonah lived three days in whale's belly."

"Great!" agreed the Sunday editor. "Interview Jonah and get a photo of the whale."

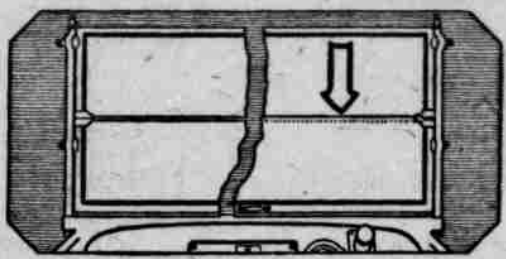

SEBOWISHA

I am not sure that I want to live a thousand years. It has been fish and squirrels every meal, until a squirrel looks as large as a gray horse to me. We had a change this morning—we had ground hog hash. I only changed one bite. Bud Lee took one bite. Mr. Bill Perkins came to camp and I invited him to try a little hash, he rubbed his stomach and said he was so full he could not eat another bite. Mr. Perkins is a man about 35 years old and weighs 220 pounds, and I am glad he did not eat in on the hash, for if he had and had eat until he burst I wonder how long he would have lived. Mr. Perkins married David Smith's daughter, Miss Florence. Did you ever try to eat a squirrel a day every day until you had eat a dozen, if you have not I would advise you not to try it. Two of us have been eating a squirrel every day for six days and that is the reason they look as large as a gray horse, a little horse. And I don't care if I do not live more than five hundred years. Who could blame me—it is fish and squirrel each meal that I am so hungry that I do not know where to sleep. Bud Lee has been singing some old lonesome songs and whistling long and low, and I am sure he is going home, and I will follow suit—go where I can get some butter milk and sorghum molasses. WE TWO

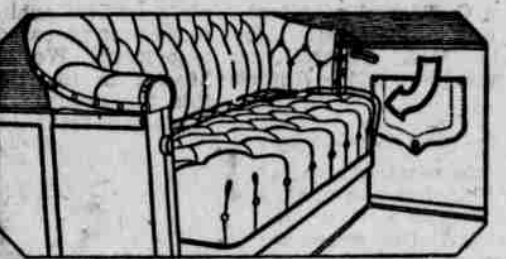

MACEDONIA

I. H. Henry, was glad to hear that you are getting better. Misses Sallie Lee and Lillie May Walker visited Ella and May Jackson Sunday. Mrs. B. Jones visited her sister.

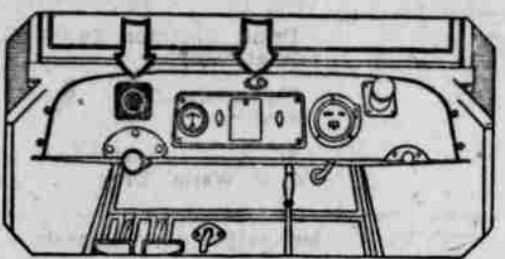

4 New Refinements

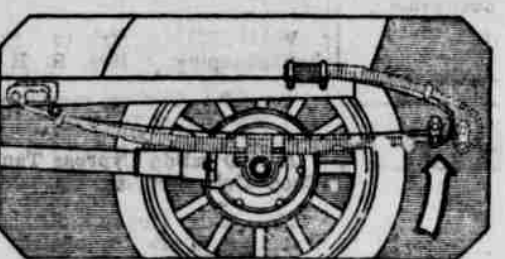

Arrow points to new and improved windshield. Upper half overlaps lower half. Absolutely rain-tight.

Wider and longer seats and deeper cushions, as indicated by arrow.

Instrument board, showing gasoline gauge, electric dashlight, speedometer, electric starting and lighting plugs and ammeter.

Arrow shows old and new spring construction. New springs much longer and more flexible.

MAXWELL Motor Cars are now equipped with a new and improved windshield, still longer and more flexible springs, wider seats, deeper and softer cushions, dashlight, gasoline gauge, and other equally important refinements.

To the generous value heretofore present in the Maxwell product, these extra improvements have now been added.

This is in line with the Maxwell policy—so widely advertised,—not to change the Maxwell in any essential detail, but to continue improving it so that it will always be a standard, recognized product, constantly abreast of the best practices of the industry.

Notwithstanding the superlative and sometimes confusing claims that are made in behalf of various automobiles, we restate our sincere conviction that **Maxwell Motor Cars offer more real value**

per dollar than any other car in the world.

This too, is the belief of the thousands and thousands of Maxwell owners. And these beliefs are supported by actual and tangible facts. We actually know that within the entire history of the automobile business, no motor car—in any class or at any price—has equalled the Maxwell in honest dollar-for-dollar value.

And if you will examine a Maxwell, ride in it, compare it with other cars, consider its splendid record, reputation and past performances, you too, will know it.

Call or phone for a demonstration.
